MEMORANDUM

TERM 2

ACTIVITY 1.1 Pg.121

1. This is to:
 - Make it stricter to lessen the increasing pollution in the city.
 - To effectively help reach the city's vision of having the cleanest air in Africa. (1)
2. This is because of the increasing air pollution which is damaging the City's beauty and overall health. (1)
3. The National Environmental Management Air quality act 2004. (1)
4. By introducing strict measures on activities that involve heating or burning. (1)
5. They will have strict control on:
 - Illegal burning of tyres and copper wire.
 - Dust emissions from unpaved surfaces and construction activities.
 - Stricter control of diesel vehicle emissions.
 - Provide legal mandate to set emission standards.(Any 3 of these can earn 4 marks but 2 will only earn 2 marks) (4)
6. No, I think they need to educate all communities on pollutants and their effects on health and the ozone layer so that people will understand why they should not burn things unnecessarily. (2)
7. The green scorpions will make sure that the law is enforced in communities by imposing fines on offenders and other measures. (2)
8. (This requires your own answer which applies to your community.) In my community the ***greatest*** cause is driving and flying combustion. (2)
9. To educate people on using better modes of transport like trains or buses so that fewer cars are on the road daily. (2)
10. I think the five areas should be :
 - Gauteng

- Mpumalanga
 - Limpopo
 - Kwazulu Natal
 - Orange Freestate
- (You might have different areas, that is okay.) (5)

TOTAL MARKS: 20

Well done! proceed to the next lesson and exercise. You may submit for marking then do corrections or you may give your parents to mark for you and file your work. You may also submit when we re-open.

TASK 1

SPOT ON P124 or browse on internet to read on earth day

EARTH DAY

[20]

1.11 Create a media document of your choice to promote Earth Day. Your media document may be in the form of a documentary, short film, interview, poster, pamphlet, website, social media page or any other medium of your choice. Your media document should include the following:

- An explanation of what Earth Day is and why it is important.
(2+2)
- A suitable logo and slogan that will capture and hold viewer's attention. (1+1)
- TWO reasons why water pollution is a problem in our country.
(2x2)
- Recommend FIVE ways how your community can prevent water pollution.
(5x2)
